How it works / Active ingredients

Cleanser Antioxidant is our facial cleansing gel that will leave your skin thoroughly cleansed, refreshed and calm. It contains Aloe Vera, which is often used to treat skin lesions because of its emollient and soothing actions, which are mainly due to its mucilage content. Mucilages are hygroscopic – they absorb and retain water under certain conditions – a property that makes them good moisturizing agents. Therefore, aloe vera is of great use to formulate cosmetic products with skin repairing and conditioning activity.

3+ Unique Competitive Advantages

- Based on a gel formulation which foams in contact with water
- Based on Aloe Vera
- Soft and gentle
- Cleans without drying out the skin
